MERG related courses

If you know about any other relevant courses not listed here, in particular those in other areas, please add them.

These courses are organised by a group of MERG members for the benefit of other MERG members and railway modellers in general. Your booking is directly with the course organisers, not with MERG itself.

If you are interested in the course for 2028, please let us know.

Watch this space for when the next courses are scheduled, but note that we will **only** run courses in 2028 for which we have received sufficient expressions of interest.

POSSIBLE COURSE FOR 2028

Note: Currently you do have to be a MERG member to come on this courses.

We are looking to hold a 2-day weekend course at the CIM Business Centre, Cookham, Maidenhead SL6 9QH GB. The proposed dates would be either 12/14 or 19/21 May 2028.

The venue offers a number of residential and non-residential options. Detailed costings are available.

We would be looking to have 3 rooms available for 2 days giving us 6 one day courses or more if only half day courses were required.

We need to know:

```
  1) What topic you would like to have a course on.
  2) How deep a level would the module need to be e.g. beginner; user+,
developer?
  3) Would you be able to lead a topic, is so give details.
  4) How far ahead would you be prepared to commit to a booking.
```

If you want any more information please contact me, Andy Cumming, via exhibitions@merg.org.uk headed “Workshop Event 28”.

The following rates are for guidance but have some adjustment for 2028 economics and are based on

30 attendees. Rates would vary if numbers vary significantly.

£280 – Full weekend rate £170- Full weekend - non-residential rate

1 x full day package - Saturday or Sunday Day Rate £95.00 per day (includes lunch and dinner)

1 x full day package without dinner - Saturday or Sunday Day Rate £70.00 per day

Accommodation for a Friday or Saturday night only £75.00 B&B per night (sole occupancy)

Updates will be made here as things progress.
