The afternoon session is informal and generally consists of:

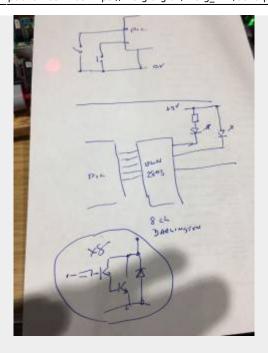

- 1. Members working on their current project (normally a Kit).

 We will do our best to help with construction and problem-solving.
- 2. Talking to presenters about the days topic.
- 3. Bring along something you are working on, even if its work in progress and share it with others
- 4. Passing the day talking about all thing model railway electronics.

We charge £5 for the day which goes to the BCN Society for the use of the pump house.
