GOVERNMENT RESTRICTIONS ON GATHERINGS AND TRAVEL Due to the ongoing COVID-19 restrictions all our area group meetings are currently online using Zoom video conferencing software. Zoom is easy to use so please join us online. We normally have a

90 minute meeting on a midweek evening (fortnightly).

This situation will continue for the foreseeable future, until the scottish government guidelines allow us to resume face to face meetings and also that we can meet any required social distancing at the venue.

How do Zoom Video Calls Work?

The calls will last 90 minutes or so. To participate, members need a mobile phone, tablet or a PC / Mac with a camera and microphone.

Topics are agreed in advance.

When it is time to start a call, a voice and video conference is opened up which has thumbnails of each video participant and any shared presentations or desktops. The call leader facilitates the call and the discussions and tries to get through the agenda in the agreed time. Zoom has two views available. The first is the speaker view which selects the video stream from the person speaking. The second is Gallery view which shows streams from all participants.

If you would like to try out Zoom, then there is a test meeting service where you are the only participant and you can experiment with the various options available.
